---

<sup>3</sup> Change made on 9th December 2014 to reflect the adoption of the 2015 IPC Anti-Doping Code

- 329.4 The decision is to be made public immediately after the proceedings are completed.

## **330 Appeals**

### **330.1 Board of Appeal**

- 330.1.1 There shall be established a **S**tanding Board of Appeal (Standing BoA) that will be composed of 5 members appointed by the STC Snowboard. The Standing BoA will be appointed during the spring meeting of the STC for the following competition season.
- 330.1.2 For each competition **(PWG, WHCs and WCs)** 3 members of the Standing BoA will be nominated **by IPCSB (or for the PWG, by the IPC)** to act as the BoA. Following receipt of a Notice of Appeal, the IPC Sport Staff will advise the BoA of that fact and will copy the Notice to all BoA members.
- 330.1.3 No person shall sit on an BoA to hear an Appeal if the circumstances of the Appeal are such that they may have a conflict of interest or may reasonably be seen as having a conflict or otherwise biased either for or against the Appellant, or where they have been involved in the decision being appealed, including as a witness.
- 330.1.4 The IPC Appointed Sport Staff person should advise all parties of the identity of the BoA members, and the email address for communication with the BoA as soon the notice has been circulated to the BoA.

### **330.2 Right of Appeal**

**330.2.1** Any sanction not related to the field of play may be appealed to the BoA and shall do so by filing with the IPCSB Appointed Sport Staff person a written Notice of Appeal within 2 hours of the first notification of the decision being appealed.

The Notice **must** contain the appellants email contact and/or mobile or other telephone contact number and must be dated and signed by the Appellant.

~~**330.2.3** Where an intended Appellant believes that some form of urgent action is required in order to secure its rights in the Appeal it may request that the Jury takes a decision concerning some matter connected with the Appeal on a provisional basis and even before the Notice of Appeal has been filed. If the Jury believes that an Appeal will be made, that will comply with the technical requirements for an Appeal (regardless of the Jury's opinion of the merits of such an Appeal), and the Jury believes that unless the decision that is requested (or something similar) is made the rights of the Appellant will be adversely affected and the Appeal will be compromised or of no practical effect, and taking into account any other relevant factors, it will make the decision requested or a decision which the Jury believes reasonably meets the objective of the intended Appellant. This sub-clause is intended to oblige the Jury, in reasonable circumstances, to take decisions of a provisional and conservatory nature with a view to protecting the intended Appellant's rights in the Appeal, an example would be to permit a skier to complete his or her second run, even if he or she had been disqualified following the first run. The Jury is not entitled to consider the strength or otherwise of the intended Appeal, and must act to preserve the rights of the intended appellant, if such action is required.~~

**330.3.2** Upon receipt, the BoA shall immediately conduct a review of the Notice of Appeal to determine whether the content, timing and delivery of the Notice of Appeal comply with these IPCSB Rules **and Regulations**.

**330.3.3** If the Notice of Appeal does not comply with these IPCSB Rules **and Regulations** the BoA shall be entitled to dismiss the Appeal and if it does so it will notify the Appellant of its decision as soon as possible, which may be verbally or in writing. In this circumstance a fresh Notice of Appeal can be made within the applicable time limit for bringing appeals.

**330.3.4** If the Notice of Appeal complies with these IPCSB Rules **and Regulations** then the Appeal will be forwarded to the Chair of the Jury that made the decision under

Appeal and any other party considered by the BoA to be relevant and affected by the Appeal. The Chair of the Jury and all affected parties shall be asked to submit a response to the Notice of Appeal within 12 hours.

#### **330.4 Appeal procedures**

- 330.4.1 The Appeal should normally be decided within 24 hours of receipt of the Notice of Appeal.
- 330.4.2 All Appeals and responses must be submitted in writing in English, including any evidence the parties intend to offer in support of or in response to the Appeal.
- 330.4.3 The BoA shall decide on the location and detailed procedure for the Appeal.
- 330.4.4 The BoA members are required to respect the confidentiality of the Appeal until the decision is made public and to consult only with the other members of the BoA during the deliberations. The BoA will publish the decision once it is made
- 330.4.5 The Appellant must cover the cost of 750€ (or equivalent currency) when submitting the Notice of Appeal to the IPCSB Staff person. The Appellant will be responsible for any additional costs if the Appeal is lost.
- 330.4.6 Decisions of the BoA may be announced orally at the conclusion of the hearing and shall take effect from that time. The written decision, together with its reasoning, will be delivered to the parties involved, their NPC or authorized NSF and all members of the Jury whose decision was appealed as soon as possible following the hearing of the Appeal.
- 330.4.7 There shall be no further appeal or challenge to a decision of the BoA, which shall be considered final and binding on all parties including the IPC and IPCSB.
- 330.4.8 Other than in respect of the time limits set out, any failure of any party to follow the procedural requirements will not invalidate the decision of the BoA unless in the opinion of the BoA the failure had a material effect on the decision that was made, or renders the decision unfair in some material respect.

For example, breakdown of a competitor's personal equipment or minor sickness of a competitor does not constitute "force majeure".

In case of doubt, the Jury may allow the start provisionally.

1309.7 The start referee makes the decisions after consultation with the Jury and must record the start numbers and names of competitors who were not allowed to start because of late appearance, or who were allowed to start in spite of late appearance, or who were allowed to start provisionally.

The gate line in triangular banner Banked Slalom and Snowboard Cross is the extension of the line past the turning pole which connects the two points at the base of the banner.

In the event that a competitor removes a pole from its vertical position before the competitor's board and both feet have passed the gate line, the board and feet still must pass the original gate line (dye marking in the snow). In the event that a gate pole or stubbie is missing the competitor is obligated to turn around the

- The finish line is marked by two posts or vertical banners which are connected by a horizontal banner.
- In SBX and BSL the finish must be no less than 10 m wide.
- In exceptional cases, the Jury can decrease this distance for technical and security reasons or because of the terrain. The width of the finish is considered to be the distance between the two finish posts or banners. The timing supports must also be at least this far apart and are to be protected. The timing supports can usually be placed directly behind the finish posts or banners, on the downhill side. The finish line must be clearly marked horizontally with colouring substance.
- 1312.5 Crossing the finish line

1316.2.2 If the competitor was already disqualified before the incident entitling him to a re-run, the re-run is not valid.

1316.2.3 The provisional or subsequently approved run remains valid even if it proves slower than the obstructed one.

**1316.3 Start time of re-run**

The competitor must report to the start referee. The start referee will inform the competitor the start position.

**1317 Interruption or Termination of the run or training**

If an interrupted run cannot be finished on the same day, it is to be treated as a terminated run.

1317.2 to allow course maintenance or to allow a fairer and more consistent course for all competitors.

1317.3 for unfavourable or inconsistent weather and snow conditions

1317.4 The competition is to be restarted as soon as the work on the course has finished and if the weather and snow conditions have changed so that a fair competition can be assured.

1317.5 A repeated interruption of the race ordered for the same reason should lead to a termination.

1401.5 The ideal IPCSB Snowboard Cross may allow the construction of any features excluding: gap jumps, corner jumps, spines and double spines, cutting banks, GS turns, negative banks. Basically it is important to avoid the features with different transverse take-off and landing angle, and the ones that require a change of direction on air. In any case competitor safety considerations and riding level of the athletes must always be a priority.

1401.6 The track may be closed to the public and training camps at least 24 hours before the competitions.

1402.6 The track course may be built in a way that the competitors are able to ride keeping always the board parallel to the surface during the performance. In the turns appropriate banks may be built and shaped. Minimum distance between the banks/gates after the first gate may be minimum 14 m.

1402.7 The track may be closed to the public and training camps at least 24 hours before the event.

#### **1405 Course testing**

1405.1 Before the event, the Jury may allow an official course testing

1405.2 All the safety equipment may be installed on the course

1405.3 Medical staff may be on place during the course testing

1405.5 The teams may communicate to IPCSB the riders list available for the course testing 7 days before the competitions

1405.6 Jury may select minimum 3 or maximum 5 riders based on: competitors availability, local national team athlete/athletes, world cup ranking, one per gender, different classes, turnover principle.

1405.7 Only the coaches may attend the course testing, according with JURY indications and they are allowed to film the course testing

1405.8 The course may be set and gates may be on place

#### **1406 Gates and course setting.**

1406.1 Gates

1406.1.1 A snowboard cross gate consists of one stubby flex pole (turning pole) and one long slalom pole (outside pole) which are connected with a triangular gate flag.

1406.1.2 Consecutive gates must alternate in colour except banana gates (which are considered to be one turn therefore one colour) that must be the same colour gates and flags.

1406.1.3 The gates must be set so that the competitors can distinguish between them clearly and quickly even at high speed. The triangular gate flag of a gate should be set at right angles to the racing line.

1406.1.4 In certain circumstances competitors may be required to pass between two gates of the same colour (for example: corridors).

#### 1406.2 Course setting

- 1406.2.1 The setting of the gates must be done before the official inspection and training and should incorporate the skilful use of the terrain with the integration of terrain features and jumps into the setting.
- 1406.2.2 Minor adjustments in the setting may be necessary during the training to adjust the course for a smooth race line.
- 1406.2.3 Any changes made during training should be announced in the start area so all competitors and Team Captains are aware of any such changes.
- 1406.2.4 Giant Slalom (GS) second run may be reset on the same slope according with rule 1310. A new course setter is preferable.
- 1406.2.5 Immediately after the course setting, the coaches have the possibility to inspect the course according with Jury recommendation. In the finish area the coaches can provide their remarks or official protest to the Jury regarding the course preparation and course setting, before official inspection and training.

#### **1407 Inspection/Training**

- 1407.1 The competitors are allowed to inspect the course by slowly sliding down through or alongside the course. Inspection times are at the discretion of the Competition Jury but should be a minimum of 15 minutes. Competitors must visibly wear their start numbers and their helmets.
- 1407.2 At least one training run prior to the actual competition is mandatory normally the training session should be 1–2 hours in length and if possible should be held the day before the actual competition (under certain mitigating circumstances the competition Jury may decide other possibilities).

#### **1408 Execution of Snowboard Cross (head to head event)**

- 1408.1 Formats 2 competitors per heat (16 men/ 8 women) or such other numbers as determined by the Jury. Qualification runs have one competitor on the track at a time. Qualification normally involves two runs but the jury can decide. The timed qualification runs are be used to qualify competitors for the finals.  
  
One Run Qualifications – all competitors take one (1) timed run.  
  
Two Run Qualification – all competitors take two (2) times runs, the best time one (1) run out of two runs timed runs determined the qualification ranking.  
  
A competitors who did not finish (DNF) or were disqualified (DSQ) in qualification run one (1) or did not start (DNS) can participate in qualification run two (2).
- 1408.2 In SBX there are 2 start gates on the start platform. One gate may be used as start of qualification run 1 and the other one for qualification run 2 in order to guarantee the same snow conditions of the track during the finals.

- 1408.3 For the 2nd qualification run the top **8** competitors (or 4) - both men and ladies will start **in the same order** compared to the 1st qualification run. Competitors with start numbers **9** and higher will keep the same start position for the 2nd qualification run. DNS, DNF or DQ with better points are starting first in this group.
- 1408.5 Ties in Qualification – if two or more competitors have the same best time, the tie will be broken by their total time of the two qualifications runs. If they are still tied, the ties will be broken using the highest IPCSB Snowboard points standing. If they are still tied all of the competitors will receive the same rank but the competitor with the higher bib number will be ordered first. The following tie-breaking rules do not apply to competitors who are tied for the qualification rank of (8 ladies or 16 men's place). If two or more competitors are tied, all competitors will run as many run-offs as required until the ties are broken. If this run-off format both (or more) competitors run together.
- 1408.6 In special event Jury can decide to change the format in 4 or 6 per heat.
- 1409 Finals Snowboard Cross (head to head event)**
- 1409.1 Finals are based on 16 men / 8 ladies / 2 competitors per heat or such other numbers as determined by the Jury. In special circumstances 32 men and/or 16 ladies are allowed.
- 1409.2 In case there are less than 16 men/ 8 ladies competitors per class, the brackets may be defined following the indications below:
- 16 men – minimum 13 competitors on the starting list with 3 bye
  - 8 men / ladies minimum 6 competitors in the starting list with 2 bye
  - 4 men/ladies minimum 3 competitors in the starting list with 1 bye
  - 2 men/ladies 2 competitors in the starting list
- Jury can decide to define different brackets in case of special events.
- 1409.3 SBX will be run according to a single knockout format.
- The first competitor (2 riders per heat) advance from round to round as determined by their place of finish in each heat. Place of finish is determined by the first part of the body or Snowboard that crosses the finish line. Whenever possible, a finish line camera (video or photo finish) should be available. In case of a tie, at the finish line, such tie(s) will be broken after reviewing if available the photo-finish presentation. If a tie still exists, the competitors concerned will be ranked according to the fastest qualification time. In the case where the same qualification time exists (best time out of two runs), the tie will be broken by using the total time of both qualification runs. If a tie still exists, the competitor with the higher bib number (based upon qualifying time) will be scored as first.

The competitors who do not advance in 1/8 finals heats will be grouped according to their placing in the heat and then ranked within that group according to their qualifying time. In any case a competitor who has qualified for a certain group (1/8 final, 1/4 final, etc.) will remain in this group and be ranked there. For example: Once a competitor is qualified for top 16 they will remain for scoring purposes in the top 16 group.

Special events Jury can change the number of competitors advance from round to round

#### 1409.4 Race Bibs

May be 2 different colours in each heat or numbered bibs with numbers on front, back and sleeves for better visibility by the course judges.

To aid in competitor identification, 2 different coloured leg bands may be used in addition to race bibs.

Special event it may be required more than 2 different colours.

#### 1409.5 The competitors who drop out/DNS without communicating and motivating the decision in advance to a Jury before the qualification run 1 or 2 or the finals will be sanctioned

### 1410 Snowboard Cross (Head to Head events)

1411.1 Competitors are ranked according to their place of finish in the final heat and in the consolation round. All remaining competitors' are ranked according to the round they go out in (e.g. quarter finals) and their qualification times within that round.

1411.2 DNS, DSQ, DNF in SBX Finals

If a competitor does not start in the round of 16 or the round of 8 they will be automatically ranked. If two or more competitors do not start, the DNS competitors only will be ranked according to their qualification times and so on with 3 or more DNS competitors. Order of placing – DNF/DSQ (sports disqualification to be ranked 4th place in the heat according to the qualification time. If two competitors are DNF/DSQ, they will be ranked in the heat on 3rd/4th position according to their qualification time. DSQ (intentional contact, etc.) to be ranked second at the end of the 4th ranked athletes and DNS to be ranked last.

## **1412 Execution of Snowboard Cross, Banked Slalom and Giant Slalom (Time trail events)**

1412.1 Format with single competitor timed runs

1412.1.1 Timed runs are used to rank competitors, with one competitor on course at a time.

1412.1.2 LEVEL 0 – 1 All competitors take three (3) timed runs for SBX - BSL – The best (fastest) timed run out of three (3) timed runs will be used to determine the final results. Under special circumstances jury may allow format with two (2) timed runs, best (fastest) timed run out of two (2) will be used to determine the final results. This jury decision should be announced on TC meeting before competition.

All competitors take two (2) timed runs for GS. The two times will be combined and used to determinate the final results.

1412.1.3 Start list 1st run: Random draw of best **8 (or 4)** by IPCSB Snowboard points, done on TC meeting.

1412.1.4 **Start list 2nd run: Same order as athletes in 1st run.**

DNF, DQ and DNS from 1<sup>st</sup> run are starting last, ordered by IPCSB points. DNS or DNF or DQ with better points are starting first in this group.

If there are less than 8 (or 5) competitors per class, the competitors who are ranked DNF, DNS or DSQ on the 1<sup>st</sup> run, they may be considered as last in the result list and they may be reversed in the new starting list. DNS, DNF or DQ with better points are starting after in this group.

1412.1.5 Start list 3rd run: **Same order as athletes in 1<sup>st</sup> run.**

Athletes with DNF, DQ and DNS (2nd run) are starting last in 3rd run ordered by their result from one of the runs they have completed (there must be at least one run completed).

DNF, DQ and DNS in one of the 2 runs are starting last, ordered by IPCSB points. DNS or DNF or DQ with better points are starting first in this group.

If there are less than 8 competitors per class, the competitors who are ranked DNF, DNS or DSQ in one of the two runs, they may be considered as last in the result list and they may be reversed in the new starting list. DNS, DNF or DQ with better points are starting after in this group.

1412.1.6 The competitors who drop out/DNS without communicating and motivating the decision in advance to a Jury member before any run will be sanctioned

## 1412.2 Re-runs

A competitor, who is hindered, stopped or interfered while competing by the error of an official, by a spectator, by an animal, or by any other justifiable causes outside their control can apply to any member of the Jury for a re-run immediately after the occurrence of the interference.

This claim can also be made by the team captain of the hindered competitor.

The competitor must leave the course immediately or as soon as possible after the interference and may not continue riding further down in the course (only on the side of the course).

In case competitor does not leave the course and continue to race down to the finish line, request for re-run will be considered not valid.

In special situations or other technical failures i.e. failure of start gate(s) or timing systems), the Jury may order a re-run.

If a competitor is stopped by a yellow flag, he has the right to request a provisional rerun, under the condition that the Jury considers this possible from an organizational point of view. The jury should ensure that the competitor's provisional re-run takes place before the last competitor on the start list.

### 1412.2.1 Grounds for interference

Blocking of the course by an official, a spectator, an animal, or other hindrance.

Blocking of the course by a fallen competitor, who did not clear the course soon enough

Stopped with yellow flag by competition official for any reason

Objects in the course such as equipment of a previous competitor

Activities of the first aid service which hinder the competitor.

Absence of a non-marked gate knocked down by a previous competitor, and not promptly replaced

Other similar incidents, which, beyond the will and control of the competitor, cause significant loss of speed or affects the competitors performance and thereby can affect his result.

### 1412.2.2 Provisional re-run

In case the Referee or another Jury member is unable to question immediately the appropriate official or judge the justification for the provisional re-run request, he may, to avoid delay for the competitor or competition, grant a provisional re-run. This provisional rerun will be valid only if it is confirmed by the Jury.

If the competitor was already disqualified before the incident entitling him to request a provisional re-run, the request for the provisional re-run is deemed to be not valid.

The provisionally or definitively approved re-run remains valid even if it proves worse than the original run.

If the claim for provisional re-run is shown to be unjustified, the competitor will be subject to sanction(s).

#### 1412.2.3 Start time of the re-run

In case of fixed start intervals, the competitor may start a re-run at the fixed interval, after he has reported to the start referee. The start referee's should allow the competitor a reasonable amount of time to compose themselves prior to such start.

#### 1412.3 Ties

If two (2) or more competitors have the same combined times, calculating the total time of their three (3) runs will break the tie. Ties in two (2) timed runs format will be broken by their total time of two (2) runs. If they are still tied, the tie will be broken using the IPCSB SBX Points list. If the tie cannot be broken, they will receive the same ranking and IPCSB SBX Points but the competitor with the higher start number shall be listed first on the official list of results.

#### 1412.4 Gate judges

Between 4-8 gate judges (with control section gate judges being provided radios connected with the Finish Referee and the rest of the Jury) on a SBX is necessary. Control section gate judges must be familiar with the rules (Inspection, Training, Gate-DSQ's, Contact etc.).

### 1413 Race points calculation process

For every international competition registered in the IPCSB calendar, IPCSB points are awarded from 1st place down to 90% of the ranked competitors or 100th place, whichever is the lower number.

The calculated 90% will be always rounded up (e.g. 41.1% becomes 42).

#### 1413.1 Point-Scales

Points will be awarded according to the following scales:

The point values for all scales are based on the same percentage points awarded as in scale 1000 for 1st, 2nd, 3rd, 4th, 5th, .....99th, 100th place in relation to the first place.

#### 1413.2 Competition levels and corresponding scales

##### 1413.2.1 Level 1 competitions: Scale 1000

Paralympic Winter Games, World Championships, World Cup

1413.2.2 Level 2 competitions: Scale 500 to scale 50

Continental Cups

1413.2.3 Level 3 competitions: Scale 360 to scale 50

National Championships

1413.2.4 Level 4 competitions Scale 260 to scale 50

IPCSB International competitions

1413.2.5 Selection of the scale for level 2 and level 3 competitions

The calculation to apply the point scale is based on the average of the best 5 competitors points at start. The entry points give the scale to apply based on the average points.

To choose the best possible scale, the average point value must be equal to or higher than the corresponding entry point.

At an international IPCSB competition IPCSB points will be awarded if 5 competitors with or without IPCSB points have started and at least 3 have finished.

If only 3 or 4 competitors have finished the competition, the sum of their IPCSB Points is still divided by 5 to obtain the IPCSB points level for the competition. After the calculation of the average points, one of the scales, which are listed under item 1409, is selected.

## **1415 IPCSB SBX BSL TT Points calculation process**

### **1415.1 Evaluated results**

For each new list the average of the competitor's best two results from the previous 12 months will be calculated in order to give their IPCSB SBX Point on that list.

### **1415.2 No results**

If a competitor does not have any valid results in the previous 12 months, a penalty of reducing the 40 % of the SBX points will be applied.

### **1415.3 One result**

If a competitor has only one result in the previous 12 months, a penalty of reducing the 20 % of the SBX points will be applied
